## **Dear Soldiers of the Indian Armed Forces**

With the whole nation consumed with the pandemic and general debates about definition of nationalism, we, AMS P Obul Reddy Public School hopes this letter finds you standing courageously on the borders of our motherland. We are ever grateful to you and moved and touched by the way you perform your duty unflinchingly.

If you ever look at happenings in our country and wonder what you are struggling for, remember this letter, dear soldier. And know that there are others too working for India's good albeit in an understated way that can never match your heroism. We too are working without any reward or recognition, together with you, but by different methods and levels of effort towards the same goal. Today, every single member of the Indian Armed Forces is prepared to give up his life for the nation. You're the real heroes, who go out there, to make it all happen. We are very privileged to have you and there's nothing much we can do to pay you back and hence write this letter to you in sheer gratitude for acknowledging your contribution.

For months you stay away from your loved ones, with nothing more than a phone call, and sometimes you're even deprived of that. Day and night, whether it's blazing hot, or icy cold, you get up on the borders and fight for us. For the sake of your country and for the sake of the citizens of your country. However, just to let you know, your efforts are truly appreciated and the entire nation is proud of you all. The School thanks you from the bottom of our hearts for your service and the sacrifices that you have made to protect the country. It is an extremely noble job and we have nothing but pure admiration for your bravery. We also salute the families of our soldiers who are brave enough to send their loved ones to the border to protect the entire country. Hence on this august occasion of the 75 years of Independence we celebrate the efforts of our 'Desh Ka Rakhwaala' through this letter of gratitude from the youth of the nation.

We hope you are safe wherever you are right now and we will be keeping you in our prayers. Wishing you nothing but the best and that you will return home soon. May God always keep you safe and sound! Jai Hind!

**Regards,**

**Managagement and Staff**
