P. OBUL REDDY PUBLIC SCHOOL

MEMORABILIA

A million feelings
A thousand thoughts
A hundred memories
One School

Late Smt. Durgabai Deshmukh

A valiant Indian freedom fighter, lawyer, social worker and politician, Smt. Durga Bhai Deshmukh sparkles her shine of integrity and audacity upon the students. Her unprecedented calibre and passion towards uplifting the status of women in the society, provides immense inspiration to every single member of the PORPLAN Family. DDMS P. Obul Reddy Public School is one of the units functioning under Durgabai Deshmukh Mahila Sabha which is a reputed NGO founded by Late Padma Vibhushan Dr. (Smt) Durgabai Deshmukh in the year 1937.

Late Shri. P. Obul Reddy

Late Shri. P. Obul Reddy was an industrialist, philanthropist and patron of the Arts. He was the major donor in establishing DDMS P. Obul Reddy Public School. The school has been named after him as a tribute to his noble venture.

Memories are timeless treasures of everyone's hearts. Today's moments are tomorrow's memories. The Student Council 2021-22 fervently presents " **MEMORABILIA**", an ebullient portrayal of the glory of DDMS P Obul Reddy Public School, over the years.

The staff of the school have acted as the pillars of a firm foundation this institution has been privileging to its pupils. Exhibiting a striking perseverance, patience and absolute dedication, the teachers have become ideal role models to the students. Their influence can never be erased from the hearts of the students. Preaching about the magnificence of education, teachers at PORPS incorporate life morals into the children, who in turn emerge as torchbearers of the future.

Over the past few decades, the school has been celebrating a plethora of splendid events involving joyous spectacles, undying enthusiasm and merry smiles, creating unforgettable memories in the journey.

Let us cherish these beautiful moments through the artistic columns
"Memorabilia"

The light that illuminates the world, the beacon in the dark and the hope that gives us strength to excel and fly towards our dreams, is a Teacher! Our teachers ignite the imagination with their priceless wealth of knowledge for all those who wish to learn. They enlighten us with their wisdom and transform us with their intellect. For instilling a love for learning, our gratitude and love they earn and they should, for they are the charming gardeners who make our plant of ideas grow.

A big 'Thank You' to each and every teacher for choosing the world's toughest profession and accomplishing it with no concession. Your right mix of chalk and challenges has steered the ship of hard work and talent to reach the ideal destination. Thank you so much for your consistent efforts, constant determination, guidance and support. Thank you for molding me into a perfect sculpture!

A very Happy Teachers' Day!!

Shraddha Reddy
Head Girl

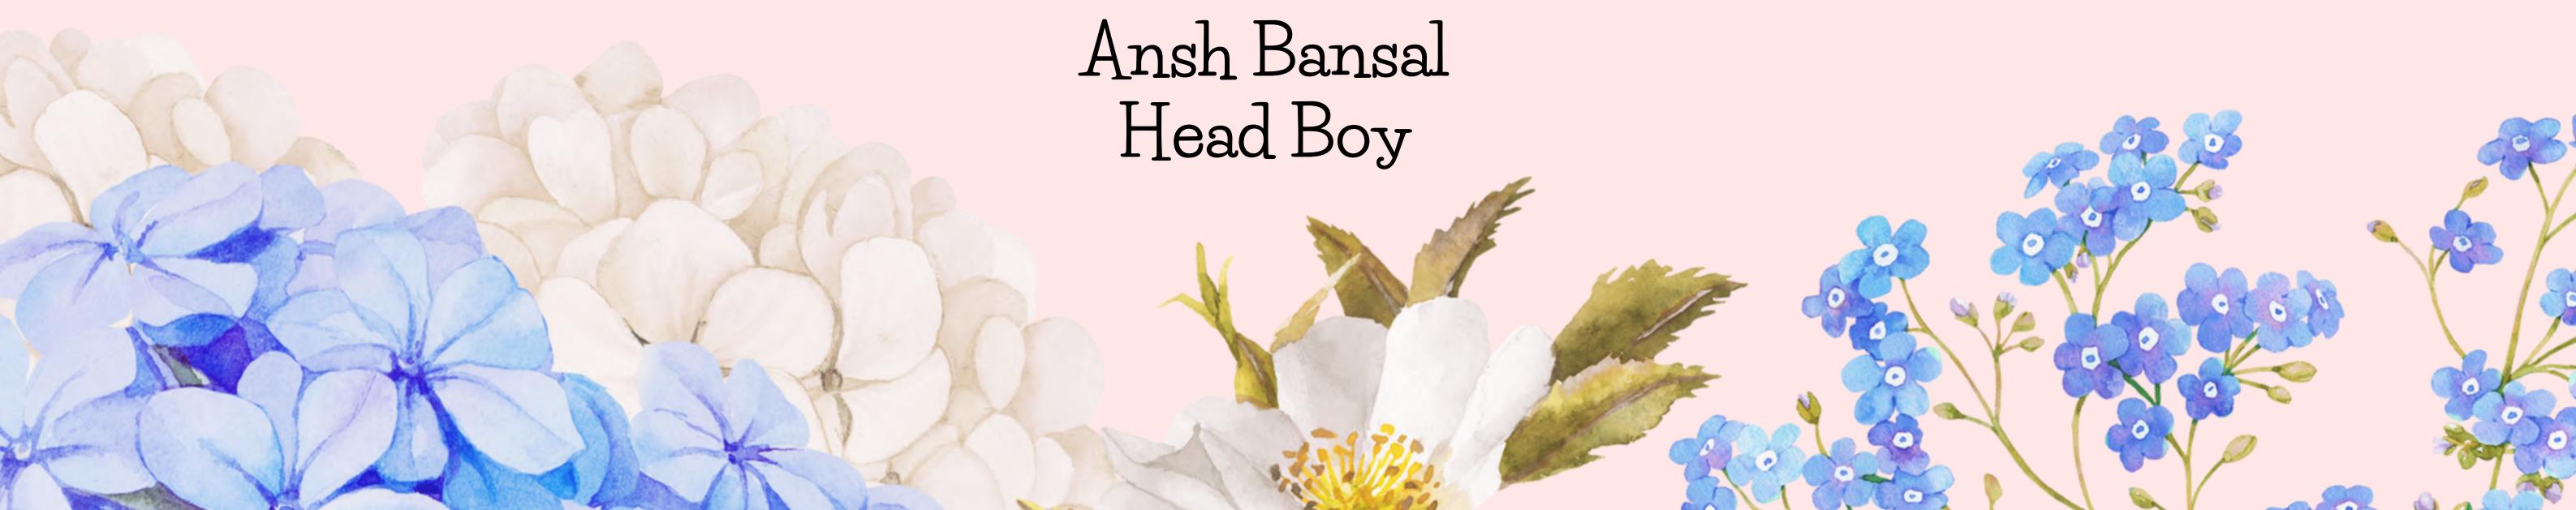

Nelson Mandela once said that it takes the highest forms of oppression to bring out the greatest feats of character. Similarly, our teachers have been a guiding light despite these dark times of the pandemic and it's hard for me to encapsulate my gratitude in mere words.

Thank you for making our school a place where all the departments are so welcoming and faculty can be approached even during the most inconvenient times, for clarifying doubts. You made our school a safe haven of learning with your love, dedication and efforts throughout these years.

A very Happy Teachers' Day!

Ansh Bansal
Head Boy

Dear Teachers,

Where can we even start from?

Your words never fail to amuse us. Else, how monotonous is it to ask us to turn on our cameras? Or reconnecting back into the meet and saying those golden words, "Am I audible?"

While our parents taught us to walk and take small steps, you taught us to make small steps in life. Giant strides would be the apt word here.

No, 5th September is not only Teachers' day. Every day is teachers day. We need to celebrate every day with respect to all the sacrifices you have made just for teaching us and ensuring that we never fall back.

For everything you have done for us, THANK YOU.

Allow us to show our appreciation towards you for being the best role models ever.

Abhinav

Deputy Head Boy

Of all other professions, a teacher's job is the greatest. Teachers exert tremendous vital influence upon society. The community is entirely dependent on teachers because it is in their hands to create a wonderful society. So it can be said that teachers shape the future of the world's progress. The relationship between a teacher and a student is divine. A teacher is a selfless guru who paves a path for his/her students.

K Pranav

Deputy Head Boy

When I was a child, I associated teachers with apples, chalk pieces, and blackboards; none of which were part of my school-life. As I grew older, I realized that most teachers go beyond the stereotypical appearance. They don't just read out of books or run part-time wearing stern faces, in fact they are mentors and well-wishers who would like to be a part of our life's journey. Right now, we all take their efforts for granted but a few years down the lane, we'll realize how big of a role they played in shaping us into the people we are today. With a teacher's hand on our back, and their heartfelt wishes, there is nothing that can hold back us students. So to all the teachers out there, thank you for being a part of our life, and pointing us towards horizon!

Sanjana M

Deputy Head Girl

Teachers have always been excellent educators who knew how to illuminate a soul with its light. You taught us with your heart, not from books. We have no words to convey our gratitude to you, thank you for working tirelessly in these tough times to ensure none of us fall behind online. Happy teacher's day!!!!

An emotional / funny incident: I felt very emotional recollecting the incident of accompanying one of our student from Himalayan Base campsite to New Delhi as her father was expired all of a sudden. We received this news on the first day evening when we reached the campsite. We were very upset and don't know how to convey this news to that child.

Somehow we managed by saying that your grandfather was not well and wanted to see you. We travelled for more than 500 km at night with an unknown driver in a unknown, scary hill station. On the other side, i felt very emotional in how to hide the news about her father and I struggled a lot to console her. By God's grace, we reached safely to Delhi Airport next day afternoon.

We love you, teachers!!

All the teachers at P Obul Reddy Public School fulfil Dr Sarvepalli Radhakrishnan's saying that gurus are undoubtedly the best minds in the country

We are sincerely grateful to be taught by teachers who really care for us from the bottom of their hearts. The job of a teacher is not simple. It comes with an enormous amount of responsibility, for shaping a student's life lies in their hands. It is no easy job to stand for hours together and teach and make sure each and every one of the students understands the topic perfectly. The dedication and passion of the teachers is second to none.

We appreciate your efforts and sincerely thank you for all your hard work. During the abject situation of this pandemic, teaching online is an onerous task. Network issues, not being physically around the students to

monitor them, adapting to new technology are a few of them. But our teachers have overcome these hindrances and provided us with a seamless learning experience.

We would also like to extend our gratitude to the retired teachers of DDMS P Obul Reddy Public School. You have made the lives of countless students shine brighter than a star. You will always be remembered and will remain in our hearts for eternity.

Whether it is a teacher from our past or a teacher that currently teaches us, every one of them has played a crucial role in creating the person we are today. From knowledge, character to other skills necessary for life, we learn all of it from teachers. Our beloved teachers not only make learning fun, but make various efforts to prove that education is about becoming a better human being as a whole. You make us believe that even a small effort can go a long mile and impact society in numerous ways. Though we may call you our teachers, you play multi-roles in our life, shifting all the way from a mentor to a beloved friend who always wishes us the best. On this teachers' day, we would like to show our appreciation to all of you for moulding us, for making us a better person than yesterday. With your continuous efforts, there is no doubt that all of us will turn out to be the best version of ourselves.

Dear teachers, we may not say it frequently. But we mean it when we say it. Thank you, teachers, for all that you have done for us. We couldn't have been more blessed.

Happy Teachers' Day !
